

**ATTENTION ALL LAKE SANTEE REGIONAL
WASTE AND WATER DISTRICT
CUSTOMERS**

**YOU CAN PAY YOUR WASTE AND WATER
BILLS ELECTRONICALLY**

Starting with January usage, paid in February 2009

The Lake Santee Regional Waste and Water District Board approved a new service to allow customers to pay their waste and water bills using automated payment through their bank. The service allows for the automatic payment of bills using either your checking or savings accounts. Each month a notice will be sent to your bank to transfer funds and a memo bill will be sent to you stating the amount of the charges.

The service will to be available starting with January 2009 usage due in February 2009. If you are interested in the service, you will need to sign and return an Authorization Agreement. A copy of the form has been printed in the Smoke Signals, is available at this site and also at the Lake office.
